

# Value of a 3<sup>rd</sup> review for further development

A testimony from AEQES

Eva Jaroszewski, evaluation & staff development manager

## AEQES' (current) mission

- Programmes evaluations with a strong focus on enhancement:
  - Initial programmatic evaluations
  - Continuous programmatic evaluations

# A look back

But, in the  
meantime...

- Development of a pilot phase of institutional reviews:
  - Pilot institutional reviews: 2019-2022 (17 HEIs)
  - Assessment of the pilot phase: 2022-2023
  - New methodology adopted in 2023
  - Implementation of the new methodology : 2023-2029
- Governance issues

## Value of this 3<sup>rd</sup> review

- Pilot institutional evaluations
  - challenging for AEQES and experts
  - experts' feedback should feed the pilot assessment
  - confirmation of the relevance of the new methodology
- Governance issues
  - single recommendation => need for action!

# Conclusion

- Reviews feed current projects
- Reviews have a leverage effect
- Reviews help to set an agenda

Thank you for  
listening.
