Brussels, 13 September 2024

Subject: AVAP follow-up report to the 2022 ENQA review

Dear Javier,

At its meeting on 13 September 2024, the Board of ENQA considered the follow-up report arising from the external review of the Valencian Agency for Assessment and Forecasting (AVAP) in 2022.

We appreciate the clear information presented about how AVAP has addressed the panel's recommendations and suggestions. The Board additionally notes the need to continue with the agency's efforts in addressing the remaining challenges on the ESG 2.4 and 3.3, in discussion with all involved stakeholders. With this, the Board takes note of the progress that has been made and approves the report.

We look forward to continuing the good cooperation between ENQA and AVAP.

Yours sincerely,
