**Annex I: TERMS OF REFERENCE**

August 2013

Revised May 2014

**1. Background and Context**

Established in 2005 as an autonomous non-profit organisation (according to the Civil Code of RF and the Law on Non-profit Organisations), AKKORK is the first public external QA agency in Russia. The agency was founded by two Russian limited liability companies named "Obrazovanie cherez vsu zhizn" (Lifelong learning) and "Garantii Kachestva" (Quality assurance), respectively.

The mission of the agency to form and develop in Russia an independent system of education quality assessment and assurance which corresponds to the principles of the Bologna declaration and the world best practices.

AKKORK offers its services both on the secondary and higher education level but mostly on the latter level. The major types of activities cover:

- quality review (evaluation / audit);
- accreditation and certification (voluntary, non-state);
- project work and business activity related to the scope of the agency (studies, research on a contract basis).

Evaluation and accreditation are offered both for institutions and programmes. AKKORK's main activities relate to study programme evaluation.

In December 2007, AKKORK (at that time using the acronym AQA) was granted associate status (now Affiliate status) with ENQA.

AKKORK applied three times for ENQA membership: twice for Candidate membership in April 2007 and in 2009 and once for Full membership in 2011. AKKORK is applying for Full membership for the second time.
