Subject: NEAA follow-up report to the 2017 ENQA review

Dear ,

At its meeting on 28 April 2020, the Board of ENQA considered the follow-up report arising from the external review of the National Evaluation and Accreditation Agency (NEAA) in 2017.

The Board approves the report and takes note of the progress that has been made. At the same time, the Board would like to emphasise the need to pay further attention to the standard 3.1, where the review panel calls for further streamlining of resources and operations, reflecting the Agency's mission.

Yours sincerely,
