Subject: ASHE action plan for follow-up on 2016 ENQA review

Dear Prof. dr. sc. Havranek,

At its meeting on 19 April 2018, the ENQA Board considered the follow-up report arising from the external review of ASHE in 2016. The Board acknowledged the improvements made and expressed its satisfaction with the progress that has been achieved already within a year from the Board's decision.

The ENQA Board is also aware that more changes will be introduced with the forthcoming legislation, as mentioned in your follow-up report. Thus, ASHE is expected to notify ENQA of them, once the new legal framework has been adopted.

Yours sincerely,

Christoph Grolimund
President
