Challenges

Shared vision:

right, recognition as key condition for mobility

Knowledge, common understanding, and information provision:

is not only feasible, but it is also useful tool which can benefit both applicants and competent authorities

Empowerment of citizens:

raising their awareness about mobility opportunities

Why quality matters for recognition?

Quality AND recognition

- Cooperation
- Knowledge and awareness about quality assurance mechanisms

Quality OF recognition

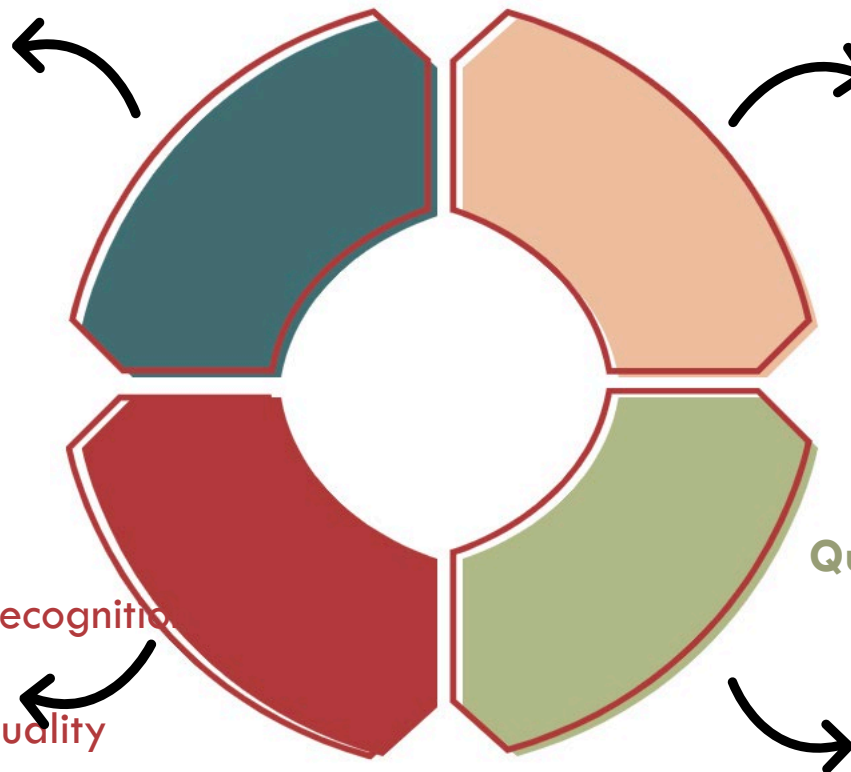

- Training
- Networking
- Community of practices

Quality FOR recognition

- One of the 5 elements of recognition
- Transparent information
- Quality recognition for a quality education

Quality IN recognition

- Procedures in line with ESG 1.4
- Peer support, capacity building
- Quality as «trust-enhancing tool enabling recognition»
